Please note that our Calibration Services may require parts and repairs for optimal performance. While we aim for accuracy in our quotes, the full extent of these needs may not always be evident during the initial quote process. To maintain transparency, we have made the following option available: please checkmark the Notify Me if repairs exceed \$60.00 box on our order form. Your satisfaction is important to us.

Next steps:

1. Fill out the [Calibration Order Form](#) (please include any pertinent information about repairs under the customer notes section)
2. Use our website to create a FedEx shipping label, [Click Here](#) (free 2nd Day when sending 15+ pipettes).
3. Box up the pipettes, add the shipping label you created, and have FedEx pick-up the pipettes*

Note: Please call FedEx to schedule a pick-up (1.800.463.3339)
